## Rugged Design. Mini Size.

- Shock-, rain-, and pressure-resistant
- Password protection
- USB 3.0: up to 4x faster than USB 2.0

## Product Overview

The LaCie Rugged Mini Hard Disk shares features with our popular Rugged Hard Disk, like shock resistance, drop resistance, and rubber sleeve for added protection. But the LaCie Rugged Mini is also rain- and pressure-resistant – you can drive over it with a 1-ton car, and it still works! Its small size makes it completely mobile, and its Rugged exterior provides protection against accidental drops, shock, or pressure. The Rugged Mini is the most compact member of the LaCie Rugged family, and will appeal to a wide range of users.

## Use Cases

- **Students:** Store music, video, and confidential school documents on a secure device that fits in a backpack.
- **Travelers:** Protect valuable data from loss, theft, or accident while on the road.
- **Photographers:** Small form factor and toughness is good for use in the field or to safely deliver large files to customers and partners, and encryption adds extra layer of intellectual property protection.
- **Videographers:** Small form factor and toughness is good for use in the field or to safely deliver large files to customers and partners, and USB 3.0 speeds allow quick throughput.
